Waiver/Roster Reminder!!

Remember that no one can step inside of the netted areas at 84-Sports unless they have a Waiver on file. Those under 18 years old will require a parent/guardian signature. Remind EVERYONE to “check-in” at the Front Desk before entering the facility in order to sign the Waiver form. This includes all coaches, assistants, players, spectators taking the field, etc. Remember to send your roster list to Karen and she’ll have your Waiver form ready for your 1st practice. If you already have your form signed by all, just be sure to arrive early enough to give the waiver to the Front Desk for check-in. Thank you!!

Cage Policy Reminder:

Please remember, our 4 stationary cages, just like our fields, are available for rent and do require payment before use. Stationary cage rentals are not included in your field rental fee.

Each season, we strive to make improvements. This season, 84-Sports is happy to present the newly stretched turf! We’ve also updated our website making our Policies, House Rules and Waiver form easily accessible. We are continuously updating our Facebook page highlighting the facility and your players as well. We’re looking forward to the new season!!

Please be courteous of others—arrive on time for your session, refrain from chewing gum on the field, keep water and drink bottles on the ledges outside of the netted areas, keep all equipment bags hanging on the fenced wall outside of the netted areas, put all equipment back to the staging area and collapse the tunnel. We appreciate your help in keeping 84-Sports “the” premiere indoor turf practice facility in the area.

Holiday Closures

In observance of the holidays, we will be closed 12/24, 12/25 & 1/1/25
