FAQ's

1. What exactly do I get with my field rental?

A field rental includes one (1) 90'x90' infield with one (1) 90' East to West pullout tunnel that is adjustable to contain a 12'x60' cage and a 12'x30' cage or can be used simply as a tunnel. There are also three (3) pitching back stops, pitching mounds, pitching mats, and bases.

2. Are the two (2) stationary cages adjacent to my field included with my rental? (referred to as Stationary Batting Cages 1-4)

No. Stationary Batting Cages 1-4 are for rent and must have rental arrangements made prior to use.

3. If I choose to not rent the cages adjacent to my field (Stationary Batting Cages 1-4) and I see they are empty during my practice, can I use them at no extra charge?

No. Stationary Batting Cages 1-4 must be rented prior to use.

4. Can I hold a scrimmage game with another team during my rental time slot or share my field with another team?

Only if you have made arrangements with the 84-Sports manager prior to your practice time slot. Field rental rates are slightly higher for scrimmages and for those wanting to share one field. Waivers will need to be filled out for the coaches and players of the other/2nd team.

5. Can I bring in an instructor to give my team lessons in a Stationary Batting Cage adjacent to my field?

Stationary Batting Cages 1-4 must be rented in order to be used. Also, if the instructor is charging a fee to each individual, there is an additional fee for the use of the cage beyond the rental rate. The instructor will need to see the Front Desk for payment arrangements.

5. Who has to fill out a Waiver form?

Anyone stepping inside the netted areas for any reason regardless of age. This includes: Coaches, players, parents, siblings, spectators wishing to assist in coaching, etc.

6. When is payment due?

Fields are discounted for pre-payment. To receive the discounted rate, fields must be paid for prior to taking the field. Teams/organizations who have scheduled three (3) or more practices will be billed a month in advance of the scheduled practices. Payment is due by the 15th of the month prior to the month you wish to practice.

7. Can I pay online?

Yes. You can create an online account on our website at www.84-Sports.com. Click on "Field Availability" and register. This allows you to not only see the Facility Schedule in real time, but allows you to pay online and set up email/text reminders of practice times if desired. The only exception is deposits. Your deposit will need to be paid via cash, check or over the phone with the Property Manager at time of signing your Season Contract.

8. What type of shoes are allowed on the field?

Turf or tennis shoes only. No cleats allowed on the turf.

9. I understand "no drinks" on the field but I can have water bottles, right? And we're celebrating a birthday so we can bring in cupcakes or a cake or maybe even donuts, right?

No. Even water, if spilled, can cause mold and mildew under the turf. All drinks must remain off the field. You are more than welcome to bring your celebration food (cupcakes, cake, donuts) to the property but will need to enjoy them outside under the covered porch area.

10. Can I get a reminder message of my upcoming practices?

Yes. Simply go to our website at www.84-sports.com and click on "Field Availability". You'll need to register in order to login to your account. In your profile, you'll see the option to receive email and/or text reminders of upcoming practices.
